

MOUNT TRiO

WINES OF
THE GREAT SOUTHERN
WESTERN AUSTRALIA

2007 CABERNET MERLOT

Our aim is produce a well flavoured and approachable wine with the distinctive fruit characters typical from this region.

The 2007 vintage was hot and dry, outstanding fruit was seen from throughout the region. Due to favourable weather conditions throughout the growing season, disease was controlled and the fruit was picked in excellent condition

AROMA

This wine has lovely dense aromas of fresh plums and red berry fruits. These attractive fruit aromas are complemented by the smoky oak characters picked up during barrel maturation.

PALATE

The gorgeous sweet raspberry and red plum fruit flavours are balanced by the attractive and slightly chewy tannins, giving the wine good length and depth. The wine has good structure and is very well balanced.

CELLARING

With its abundance of fruit characters, this wine is approachable now and would be well matched with any lamb or beef dish. It also has the structure to handle some bottle age and should continue to drink well until ~2012.
