

MOUNT TRIO

VINEYARD

2017 WA PINOT NOIR

Our WA Pinot is all sourced from the Great Southern; most from Mt Barker vineyards with a smaller percentage from our Porongurup vineyard. Some of the parcels of grapes were from relatively young vines; as they tend to have more delicate fruit characters, they are particularly well suited to this lighter, more approachable style of wine. The Porongurup vines are over 20 years old so they contribute more colour, palate weight and richness.

COLOUR A bright cherry red.

AROMA Complex, light cherry fruit aromas with a slight spiciness. Has hints of exotic, smoky black tea characters.

PALATE This is an attractive, light-medium bodied Pinot with good texture and good palate weight. Has lightly spiced cherry fruit flavours typical of this variety and hints of sweet cocoa with gentle tannins on the finish.

CELLARING As this is a lighter style of Pinot Noir it can be enjoyed now with any type of food while it will also handle an extra year or two in the bottle and develop further complexity. Serve lightly chilled on a warm day.
