

MOUNT TRIO

VINEYARD

2018 SANGIOVESE ROSE

As with previous releases, our 2018 Rose is made entirely from Sangiovese. This small parcel of fruit was sourced from a vineyard near Bunbury in the Geographe region of WA's South West. Perfect for a Rose, the fruit had just a few hours skin contact so the juice could pick up a light touch of colour, before fermenting to dryness at cool temperatures. Bottling early has ensured maximum freshness of flavour.

COLOUR: The prettiest pale pink with excellent brightness.

AROMA: Is lightly perfumed with delicate strawberry fruit aromas and some subtle musk characters.

PALATE: This is in the 'Mediterranean' style, being savoury and textural rather than overtly fruity. It has subtle strawberry fruit flavours and some 'cherry stone' characters with a lovely mouthfeel and great palate weight and texture. It's good acidity and light touch of tannin astringency provide a pleasingly dry finish.

CELLARING: Best to drink as a young wine, we recommend storing in the fridge until chilled!
